

Who Will Receive the 2016 Distinguished Service Award? Nominations Begin Today!

The Distinguished Service Award recognizes more than the “employee of the year”. This award, presented at the Employee Recognition and Appreciation Ceremony, is given to LLCC employees who demonstrate exemplary leadership, promotes a learner-centered environment and promotes service to the college community. Service is a matter of the job. This award recognizes those who provide service beyond the minimum. Leadership can be provided in a subtle way. Nominations should clearly describe what qualities exhibited by the nominee through his/her performance, attitude, behavior and action puts them in the elite class of “Distinguished Service Award Recipient”.

Recipients of the Distinguished Service Award will be selected from the nomination pool. If no one is nominated in a particular category, no award will be given. The Committee does not widen the pool beyond those nominations received, **so your nomination is important!** The selection committee is comprised of past recipients of the award and other members of the college community. All employment classifications are represented.

To make a nomination, please submit the nomination form along with an essay about the nominee. The essay can be as long or short as you want it to be. The quality of the writing is not what is important; what is important is providing concrete examples of the areas identified in the nomination form. Simply stating that the nominee exhibits these qualities is not sufficient. The information provided in the essay will be the basis of the evaluation for the selection committee.
