Need to create a payment plan?

How it Works

- Payment plans can be created using a credit card, debit card, or checking/savings account. The same account will be used for the duration of your plan.
- Payments come out of your account automatically on either the 5th or 20th of each month - you will designate which day you prefer when creating your plan.
- For students who create the payment plan while waiting for financial aid approval, your payments will continue as scheduled until you contact Student Accounts at 217-786-2480 to terminate your agreement.

Cost to Participate

- \$25 enrollment fee per semester
- \$30 returned payment fee for each returned payment
